
Ananda
Crown
SECTOR 78, MOHALI

THE DEVELOPER

BUILT IN BATHINDA. RAISED IN MOHALI.

For years, families in Bathinda have lived in homes Ananda Group promised and delivered. Crown is the next chapter: the same commitment, now raised to 29 storeys in Mohali.

PROVEN DELIVERY

A track record of completed projects in Bathinda.

INVESTED UPFRONT

A best of its specialist team hired before a single unit was sold.

FULLY REGISTERED

Punjab RERA approved on 17 August 2026.

ALREADY BUILDING

Construction is underway at the site today. Our land payment commitment to GMADA is largely fulfilled.

ANANDA GROUP

THREE DECADES OF BUILDING PUNJAB'S NEXT ADDRESSES

Since 1995, Ananda Group has developed land, homes and commercial spaces across Punjab. Its approach has stayed the same: identify where the city is growing, invest early, build the infrastructure first and deliver on the promised date.

30+ YEARS
Of experience in real estate development.

7+ PROJECTS DELIVERED
Every one completed, occupied and still looked after

200+ ACRES DELIVERED
in Bathinda, planned, built and lived in.

BATHINDA'S LEGACY, MOHALI'S LANDMARK.
Ananda Crown in Sector 78 is the group's first project beyond Bathinda, with construction already underway.

BUILT, NOT RENDERED. EVERY PROJECT STANDS DELIVERED, REGISTERED OR TRADING.

CO-FOUNDER AND DIRECTOR

ANUJ BANSAL

Anuj has spent thirteen years working across the 4 countries United States, France, China & India, markets that finance, approve and build in entirely different ways. He brings that global standard of planning and execution to Mohali.

THE DEFINING DECISION

FOUR TOWERS, STANDING FREE.

No linking podium, no corridors, no shared walls between blocks.

ANANDA CROWN TOWERS

FOUR TOWERS. BUILT TO STAND APART.

Each tower stands free, with no shared walls and no linking bridges, so every home gets more light, more air and more view.

29 STOREYS

Rising above Sector 78, the tallest towers in Mohali's older, fully developed sectors.

EVERY HOME A CORNER

Every flat is a corner format, opening on more than one face with views from every angle.

END–TO–END VENTILATION

Openings on opposite faces let a breeze cross the home from one end to the other, through every room.

THE ENTRANCE

A TRIPLE HEIGHT ARRIVAL.

Each tower opens through its own 27 ft-height entrance lobby, which says something about you before a word is spoken.

INSIDE THE HOME

11.5 FT

Floor to floor, among the highest in Tricity. You feel it the moment you walk in.

CORNER FORMATS

Free-standing towers mean homes that open on more than one face, with views from every angle.

END–TO–END VENTILATION

Openings on opposite faces let a breeze cross the home from one end to the other, so every room breathes naturally.

AND FOR THE FIRST TIME IN TRICITY.....

A FIRST FOR TRICITY

THE BALCONY THAT DOESN'T STOP AT ONE WALL

Crown introduces wrap-around balconies, the first of their kind in Tricity. The balcony follows the home around its corner, so the outdoors is part of every day, not one room.

Morning light on one side | Evening light on the other

A breeze across every room | Views from every angle

THE RESIDENCES

WHY WE DEISGNED IT THIS WAY

THE RESIDENCES

Every size has a reason.
Built for families moving up from a kothi, who want the same space plus the views and amenities of a tower.

KOTHI–SIZED SPACE

Homes start at 2,425 sq ft, so there’s no downsizing.

A FIT FOR EVERY FAMILY

Five formats, from 3 BHK to 5 BHK.

RARE IN MOHALI

Very few homes in Mohali are larger than 3,000 sq ft.

ROOM FOR GENERATIONS

Space for three generations under one roof.

THE SIGNATURE CLUBHOUSE

ONE GRAND CLUB AT THE HEART OF ANANDA CROWN

Most projects give each tower its own small club. Crown combines them into a single signature clubhouse at ground level, built at a scale no single tower could support.

BIGGER BY DESIGN

Four towers' worth of club, in one grand space.

STEPS FROM HOME

At the centre, a short walk from every tower's private doubleheight lobby.

MEMBERSHIP BY ADDRESS
